## TRAIL WOMAN REVEAL RUSE IN MYSTERY OF WITNESS SLAYING IN TRIAL

Suspect Alleged to Have  
Told Part In Remington  
Case Dodges Net

Authorities Suspect "Tiger  
Woman" Accompanied  
by Chorus Chum

(By United Press Leased Wire)  
LOS ANGELES, April 30.—Deputies sheriffs were today hot on the trail of a woman of the underworld who is said to have confessed to a friend her implication in the baffling "Dr. Jekyll and Mr. Hyde" case of Earle Remington, prominent aviator and club man, slain three months ago.

It is understood that the woman told a friend that her conscience would not allow her to keep her guilty secret longer. A friend told a friend, and the news spread through the underworld.

Deputy Sheriff Bright heard of the confession several days ago and started on a tour of second class hotels. He had a good description of the woman, and knew the name under which she was going at the time. Several times he was "close" on her trail, but she always managed to elude him.

After a thrilling chase through Bullock's department store Saturday the woman escaped in an elevator, later running down an alleyway behind the store.

She went to her apartment and from there telephoned a friend that she intended to tell all even if made an accomplice."

A mysterious telephone call to Deputy District Attorney Asa Keyes informed him of this call and gave the address of the apartment, confirming her identity, it was said. Detectives rushed to the address but again the woman had escaped. They were again working on a hot clue today.

The mystery of the Remington murder has remained unsolved for three months and is one of the most impenetrable that ever confronted local officers, having been almost as devoid of clues as the unsolved murder of William Desmond Taylor, movie director, in 1905.

So far the identity of the woman with Clara has remained a mystery. One woman claims to be the wife of Jesse Carson and the other his sister-in-law.

Los Angeles officials say positively that they know Mrs. Carson is in Los Angeles now and this eliminates her as a possibility.

Never Really "Broke"

Clara and Peggy were inseparable friends and never really "broke" during Clara's trial, the officers say. On various occasions they embraced and held affectionate conversations. Peggy's fear, after the trial, that Clara would wreak vengeance against her for her testimony was only assumed, according to their theory, and was supposed to act as a ruse, to permit Peggy to join Clara without arousing suspicion.

BISCAILIZ ASKS FOR ADDITIONAL HELP

To Fight Extrusion

The woman held in Honduras is preparing for a stiff legal fight against extrusion, it is learned. She is expected to hire Honduran attorneys to bring habeas corpus proceedings for release before the extradition papers or American officials arrive on the scene.

Money for this purpose is said to have been forwarded from Tampico.

Biscailiz is to leave Friday.

A telegram received at the sheriff's office today, signed by Charles Forbes, who is not known here but who may be a member of the San Francisco chamber of commerce delegation now in Mexico City, caused great perplexity to officials.

Dated Mexico City, it read:

Wires for Photograph  
"Mail photographs of Clara Phillips. Also Jesse Carson. Police have now at Hotel Regis."

The Hotel Regis is one of the principal hotels of the Mexican capital, and it is not likely, authorities say, that Clara could be held there long without their being informed.

Leandro Garza Leal, local Mexican consul, said he would immediately aid in checking the report. It is believed that Forbes has heard of Clara's arrest in Honduras and was offering his aid in rushing identification material to that country.

CHICAGO, April 30.—Members of the Chicago board of trade at a special election today voted to immediately amend rules of the association to conform with the grain futures act recently upheld by the United States supreme court. There will be no interruption of the futures market.

Three Coast Planes Complete Flight To Bolling Field

WASHINGTON, April 30.—Three of the four marine flyers who left San Diego April 19, completed their trans-continental flight at Bolling Field here today.

The fourth plane was forced down at Sharpe's Ferry, W. Va., almost in sight of the goal.

Navy officials first announced the arrival of the entire group of four but later messages from Bolling Field disclosed the failure of the fourth to arrive.

The planes were greeted on arrival by Secretary of the Navy Denby, Admiral Moffatt and Gen. John Lejeune, commandant of the marine corps.

Supreme Court Knocks Out  
Attorney General's  
Liquor Ruling

FOREIGN VESSELS  
STILL UNDER BAN

Decision Holds Law Does  
Not Apply Beyond Three  
Mile Zone

(By United Press Leased Wire)

WASHINGTON, April 30.—The United States supreme court today decided that neither American nor foreign ships can legally bring liquor inside the three-mile limit of American territorial waters, but that outside that limit, both American and foreign ships are no longer subject to American prohibition laws.

The court's decision knocked out in part the ruling of Attorney General Daugherty, which held that the government had power to prohibit American ships anywhere on the seas from carrying liquor and that it also could prohibit foreign ships bringing it within the three-mile limit.

As to American ships, the Daugherty ruling was reversed; as to foreign ships it was upheld.

The high court held there is nothing in the eighteenth amendment to prevent American ships from having liquor on board when in foreign waters, but decided the amendment applies to foreign ships entering territorial waters of the United States. Foreign ships cannot bring liquor in as sea stores, the court held.

The decision was by a vote of 7 to 2. Justices McReynolds and Sutherland dissenting.

The majority opinion was read by Associate Justice Vandeventer.

In a dissenting opinion, Justice Sutherland expressed the belief that barring liquor on foreign ships within our territory was an unjust and unreasonable interference and one apt to lead to international misunderstanding.

The majority opinion said: "Various meanings are sought to be attributed to the term 'territory' in the phrase 'the United States and all territory subject to the jurisdiction thereof.' We are of the opinion that it means the regional areas of land and adjacent waters over which the United States claims and exercises dominion and control as a sovereign power. The immediate context and the purpose of the entire section that the term is used in a physical and not a metaphorical sense—that it refers to areas or districts having fixity of location and recognized boundaries."

The decision continues:

"The government contends that the amendment also covers domestic merchant ships outside the waters of the United States, whether on the high seas or in foreign waters. But it does not say so and what it does say shows, as we have indicated, that it is confined to the physical territory of the United States. In support of their contention, the defendants refer to the statement sometimes made that a merchant ship is part of the territory of the country whose flag she flies. But this as has been aptly observed is a figure of speech, a metaphor. The jurisdiction which it is intended to describe arises out of the nationality of the ship, as established by her domicile, registry and use of the flag, and partakes more of characteristics of personal than of territorial sovereignty."

WOMEN IN NEW YORK  
IN SUGAR BOYCOTT

NEW YORK, April 30.—A meeting of women active in public affairs was called here today to plan a sugar boycott until the price is pulled down.

NEW YORK, April 30.—Refined sugar opened ten points off today. Reductions were made by three of the leading refiners.

National Sugar and Refining reduced their price to 10.15; American Sugar made a similar cut; Aruckles Brothers reduced their price 10 cents to 10 cents per pound.

## DEATH SUSPECT IS FORMALLY ACCUSED

"Fred Casalacchio did wilfully, feloniously and with malice aforethought kill and murder one Nenzio Spaminato, a human being."

Thus, in legal phraseology, was Casalacchio held in Los Angeles jail on suspicion of the crime, formally accused in a complaint issued through the district attorney's office here today.

Sheriff Sam Jernigan left today to bring the prisoner to the jail here.

The complaint was filed today, when the time allowance on a writ of habeas corpus, secured by the suspect's attorney, was scheduled to expire.

Spaminato was killed by some one wielding a hatchet, in an arroyo between Northham station and La Habra, early in the morning of April 1.

For some time authorities were baffled in their efforts to locate persons having any connection with the crime. Finally Casalacchio was arrested, and partially identified as the man who, on the Sunday of the murder, removed Spaminato's clothing from his rooming place in Los Angeles.

## MINNESOTA PROBES CHARGES OF LEGION

ST. PAUL, Minn., April 30.—Minnesota has begun an investigation of the condition of disabled ex-service men following charges made by the American Legion that 1774 veterans are fighting a losing battle with tuberculosis because of the failure of the government to build a hospital for tubercular World War fighters.

Of the 1774 tubercular veterans, 500 will die unless the government takes steps immediately to build an adequate hospital, Stafford King, Minnesota adjutant of the Legion, has stated following a recent survey conducted by the legion. Another charge which the state will consider is that more than 1000 ex-service men, suffering from tuberculosis and denied hospital care, not only are being sacrificed through neglect but also are menacing public health in their communities by spreading disease.

Governor Preus ordered the investigation after results of the legion's survey were presented to him. The legion will seek to obtain the appointment of a state commission to go to Washington and there participate in the senatorial investigation of the United States Veterans' Bureau this summer.

## LOVE TRIANGLE IS REVEALED IN COURT

BELFAST, April 25.—An "eternal triangle," with two of its "legs" in Ireland and the other in America, was revealed in a Ballymoney court recently when the divorce suit of Mrs. Marion Craig against Thomas Craig was tried.

Mrs. Craig charged her husband with technical desertion, claiming that his cruel treatment of her had forced her to leave him. Craig denied the charges, but Mrs. Craig won a decree, with alimony.

Mrs. Craig introduced in evidence several "Dearest Tommie" letters which, she alleged, had been written to her husband by a Mrs. Thompson, from Haleson, N. Y. The letters were signed "Jeanie," and Craig admitted their receipt.

In one of the letters "Jeanie" wrote:

"Tommie, dearest, I'd give the world if tonight I could go home to you. I don't mean to Ireland, but if we had a little home somewhere. I am so busy at times struggling on, with no one to lean on and to help me bear the burden. But Tommie, no one can take your place."

At another time she wrote:

"I grow weary of waiting. Tommie. It is awful to go on loving someone without the assurance of a happy ending. Tommie, what are you going to do? Tell me, that I may make some plans if you are coming this fall. My thoughts and dreams are of you always, and I long for the reality which seems ever to evade my grasp."

In one of the letters "Jeanie" wrote:

"Tommie, dearest, I'd give the world if tonight I could go home to you. I don't mean to Ireland, but if we had a little home somewhere. I am so busy at times struggling on, with no one to lean on and to help me bear the burden. But Tommie, no one can take your place."

The telegram informed the court that the man "was the only baker in town" and therefore very essential.

"Let them go to work," Judge Williams said with vigor. "I feel sorry for their husbands who will have to eat the bread they bake, but the work will do the women good. One of the biggest troubles today is that some women are trying to do all the work they can, jazzing around, wearing shameful clothes."

The little girl and her monkey and her sister, also her mother and her canaries, went into the subway at South Ferry and started for the home of relatives at Bronx Villa, near Newton, N. H.

So, in they came and were all loaded into the ferryboat to go to the barge office at the Battery. But halfway across the river a gust of wind hit Nicko and he began smacking himself with his arms, finally getting enough energy to break his cage and go scrambling about hunting for a warm place. He found it in the arms of his small mistress, who wrapped him in her shawl and comforted him.

INDIANAPOLIS, Ind., April 30.—Assistance from the American Legion in magnifying the place of religion in the army has been requested by Secretary of War John W. Weeks, who has asked the service organization to participate in a conference of army chaplains to be held in Washington, June 6 to 8. The objects of the meeting, according to a letter received at Legion national headquarters from Secretary Weeks, are "to consider plans for more interest in the general program of moral activities which will strengthen the religious program for regular army posts and stations and to safeguard young men who are entering the various training camps."

## EVOLUTION THEORY SHOWS ADVANCEMENT OF RACE IS CLAIM

BOSTON, April 30.—"If the story of evolution is true, man need not be ashamed of his ancestry; for it is marvelously creditable to him to have risen from his humble beginning to the heights he holds today," said Dr. S. C. Schumucker, professor of biological sciences at the State Normal School of West Chester, Pa., in a lecture on "Man's Beginnings." The lecturer spoke before an audience which packed the hall to the fire limit, with fully a hundred persons turned away.

The lecture was illustrated among the restorations shown on the screen being the "Pithoceratops Man," 500,000 years old; the "Heidelberg Man," 250,000 years old; and the "Piltdown Man," 100,000 years old. Through these man's beginning was traced back to the ape.

Professor Schumucker drew a round of laughter from his audience when he said that one of the most pitiful things in the world is to hear a man boasting of his ancestors, the fellow who boasts that his great-grandfather was Governor, when he himself, could not be elected dog catcher.

"When you hear a man boasting of his forefathers and you see what he is, then you realize how pitiful his line has degenerated," said the speaker, "but when you see the great-grandson of a wood cutter mounting to the Governor's chair, then you know that that man's line is ascending."

He concluded with the injunction: "If you cannot show this kind of evolution in your family, keep still about it."

## TUTANKHAMEN BOB LATEST FOR GIRLS

NEW YORK, April 30.—Ladies, meet the newcomer—the Tutankhamen bob.

And say goodbye to what was the smartest thing heretofore, the permanent wave bob. It is the decree of the Master Hairdressers of America in national convention at the Waldorf, so it must be true.

The Tutankhamen bob is not an ordinary bob. It is shorter than the bob that was. The hair comes to a point about half-way down to the ears. The hair is parted in the middle, flaring up and then flowing down over the ears.

The size and angle of the ears, as may be seen, is going to have a lot to do with the success of this new Egyptian style. If you have big, upstanding ears, good-night!

The ends of the hair are not to be fluffy, but are held tightly together to give the effect of heaviness at the ends. It is to be draped something in the shape of a horseshoe, with the ends of the shoe enlarged.

From now on the old bobs will be, as out of date as old King Tut himself. The popularity of the new style is expected to be all the greater because only certain types can wear it becomingly.

It was originated and designed and demonstrated on twelve pretty girls from 16 upward, who were put through the paces thus:

Their hair was cut across the back of the neck almost half way up the ears, then parted in the center on top. It was then arched on each side and a straight bang was left across the forehead. Can you beat it?

## BAKE OWN BREAD IS JUDGE'S ADVICE

MUSKOGEE, Okla., April 30.—Plays telegraphed to Federal Judge R. L. Williams by twelve women at Hugo, Okla., to excuse a baker there who had been called for jury duty prompted the judge to delay court several minutes while he extolled the merits of the old fashioned women who baked their own bread.

The telegram informed the court that the man "was the only baker in town" and therefore very essential.

"Let them go to work," Judge Williams said with vigor. "I feel sorry for their husbands who will have to eat the bread they bake, but the work will do the women good. One of the biggest troubles today is that some women are trying to do all the work they can, jazzing around, wearing shameful clothes."

## SANTA MONICA IS HURT AS CARS CRASH

He was brought to this city and taken to a rooming house where a physician was called. His injuries were not serious.

## MOTHER, SON HELD HERE IN KIDNAPING

Seburcio Zapata, and his mother, Hermanajalda Martinez, were held in jail here today on charges of kidnaping, and possibly of perjury, following their arrest at Delhi last night by Deputy Sheriff G. E. McClellan and Officer Scott Wilson.

According to information which officers gave out today, the mother and her son, and Florencio Flores and Frank Jens, kidnapped Helena Fernandez at Santa Paula, and took her to San Bernardino.

There, the woman posed as the mother of the girl, and another woman, whose identity was not known, posed as the mother of the boy, giving consent to their marriage, authorities stated.

They came to Delhi, where they were arrested. When officers reached the scene, and arrested Mrs. Martinez, the boy escaped and was recaptured late in the evening. Jens and Flores had left before the officers arrived.

According to the girl, the defendants forced her to accompany them, under threats.

## HEN HATCHES CATS FROM CHINA EGGS

SAN JOSE, Cal., April 30.—As yet no one knows which was more surprised—the man or the hen.

N. W. Scott says he put china eggs and doorknobs under the hen to keep her setting until he could get good eggs. The hen—if she could talk—would only say she got busy and set on what was given her, doing her darnedest.

And she opines that was considerable for a Rhode Island Red for when Scott took out the eggs to put under the biddy, he found two yellow and three piebald, black and white kittens contentedly resting where the eggs and doorknobs had been.

It's hatching weather. Better try your luck!

SEAL BEACH CAFESFederal officers under the direction  
of Agent Clarence Parker took a turn at evaporating Seal  
Beach last Saturday, and as a result  
the proprietors of the two cafes,  
and several patrons today  
were scheduled for arraignment in  
federal courts.The officers visited the Jewel  
and Seal cafes, seizing more than  
twenty gallons of liquor.Mrs. M. R. Blankenship, who,  
with her husband, owns the Seal  
cafe, was arrested and held under  
\$5,000 bail, while Lew Weston, as-  
sistant manager of the resort, was  
also arrested. More than twenty  
gallons of asserted bootleg whisky  
were said to have been seized, in  
addition to empty flasks and  
corks.At the Jewel cafe, Jack Smith,  
proprietor, and Charles J. Zander,  
head waiter, were arrested.  
Two patrons who were said  
to have had liquor in their posses-  
sion were also taken into custody.The patrons gave their names  
as G. E. Taylor, Los Angeles, and  
S. W. Nathan, Long Beach.Four bottles of liquor, two of

the personality of its manager.This vital phase is but one of  
many elements that enter into the  
big work which every business  
man assumes when he undertakes  
to forge ahead in the commercial  
world. It is to meet the needs  
of both men and women who seek  
to place their business activities on a  
systematic progressive basis that  
the University of California summer  
session this year plans to offer  
several practical business courses,  
these including a course in business  
management, the analysis of  
business statements, and the funda-  
mental principles of accounting.The first named of these courses  
stresses many details that go toward  
the establishment of a successful  
business, placing vital import-

### GIRL CASE TO GO TO JURY TODAY, BELIEF

When attorneys conclude arguments late today, the case of E. J. Ahlers, on trial for a serious offense involving a 16-year-old girl, will go to a jury in Superior Judge R. Y. Williams' court.

Testimony in the Ahlers case was heard last Thursday, and Deputy District Attorney C. N. Mozley made his opening argument. Then the case was continued to today, when Defense Attorneys Roland Thompson and S. B. Kaufman presented argument, and Mozley concluded his argument.

In his first argument for the defense, Thompson pleaded eloquently with the jury to acquit his client, terming the complaint of the girl blackmail, and scathingly arraigning Mozley as a convictor, and a "politician who sought to establish a conviction record for his office."

### 4 MEN AND 2 GIRLS ARRESTED AT BEACH

An asserted noisy party, in progress at 4 a. m. today at Newport Beach, landed four men and two girls in the county jail, the records showed.

The girls were Billie Fontleroy and Betty Coyan. The men were Max Conley, W. R. McDonald, Roy Driscoll, and J. N. Sappington. Charges of disturbing the peace were lodged against the men and of vagrancy against the girls.

City Marshal J. A. Porter and Officer Welsh of Newport Beach arrested the group after complaints were made regarding the sextette's asserted shouting and boisterous conduct.

### TITLE FIRM'S OFFICE HOURS ARE CHANGED

Instituting a new policy, beginning with tomorrow morning the Abstract and Title Guaranty company is changing its office hours so that hereafter they will be from 9:30 a. m. to 4:30 p. m. D. N. Kelly, secretary and manager of the company, stated today.

Kelly said that under the present hours, 8 a. m. to 5 p. m., escrow officers and other members of the office force were delayed in completing papers by reason of the fact that patrons were at the desks early in the morning and late in the afternoon.

"The change is being made in the interest of better service to patrons," said Kelly. "The later opening hours will make it possible for officials to dispose of their work of the day before without being detained by patrons arriving at the desks at an early hour."

### \$150,000 BOND VOTE CANVASS IS PLANNED

Official canvass of the votes cast at the recent \$150,000 special grammar school bond election will be made at a meeting of the board of education here tomorrow at 1:30 p. m., in accordance with the election law involved.

Contracts for the new junior high school to be erected on the Ross property will be signed by the president and secretary of the board following the meeting, it was understood.

Plans for additions to be made to the Washington, Lowell, McKinley, Spurgeon and Franklin grammar schools have been ordered of Frederick H. Eley, architect.

### 'SILENT READING' TO BE EXPLAINED HERE

"Silent reading," a method suggested to encourage more rapid reading and grasp of school lessons by pupils, was to be explained to elementary school teachers of Santa Ana at a meeting late today at the junior high school by Miss Caroline Swope. Miss Swope was invited to this meeting of the teachers' institute, according to J. A. Cranston, city school superintendent, because of the excellent reputation gained through summer schools for elementary teachers at Long Beach and Berkeley.

### MYSTERIES OF ORIENT TO BE TOLD AT MEET

Mystical tales of the Orient, of the uncanny powers of the Hindu fakir, of the suave manners of Indian native officials, and of sixteen years of daily life in Lahore, capital of the Punjab, in India, are included in the lectures of Alivah Miller, Y. M. C. A. foreign work leader, who will speak at the foreign work dinner of the Santa Ana Y. M. C. A. at the Spurgeon memorial church here tomorrow at 6:30 p. m.

Reservations may be made through any county "Y" secretary.

### AMATEURS ATTEMPT TO ROB POLY SAFE

Amateur burglars who last night attempted to crack the safe in the high school office here, failed, an investigation conducted today by Detective Sid Smithwick, and Deputy Sheriff Herman Zabel, county finger print expert, disclosed.

The combination had been hammered off, but the vault door had not been opened. More than \$200 in cash which was in the safe, was, therefore, undisturbed.

The proceeds from the track meet Saturday were safe in a bank in this city, although it was thought that the persons doing the job may have supposed that they were in the safe.

ASKS ESTATE LETTERS

Roy Shafer today filed a petition in superior court here for letters of administration in the estate of the late Irvin J. Carter, who died at Orange in 1904.

The estate, worth not more than \$50, was left to a son of the deceased, J. D. Carter, aged 70, who resides on South Main street, Santa Ana, and to other heirs.

### FILE ARTICLES

Articles of incorporation of the California Wire company, Orange were filed with the county clerk today. The company was incorporated to deal in wire and kindred articles, and was capitalized at \$1,000,000. The five directors were Louis Koth, Fred W. Struck, Fred Grote, W. C. Matthias and William Klug.

#### TONIGHT'S ATTRACTIONS

**YOST**—Vaudeville and "A California Romance," with John Gilbert.

**WEST END**—"Drums of Fate," with Mary Miles Minter.

**PRINCESS** — "Riders of the Law," with John Hoxie.

#### "DRUMS OF FATE" ON WEST END SCENE

Something refreshing and novel in the way of romance is promised in "Drums of Fate," featuring Mary Miles Minter, supported by George Fawcett, Robert Cain, Bertram Grassby and Maurice Flynn, who is now showing at the West End theater.

The situation concerns a girl and a man, who fall in love with each other's photograph two years prior to their meeting and during those two years this psychic romance grows until they are introduced when the culmination of their romance in marriage is a natural result.

The story continues with the romance and adventures of Teek, the explorer, and Carol, the girl. Teek, after their marriage, is called away to Africa and soon afterwards the girl receives a telegram that he has been killed.

Stunned with grief, she tours Europe to forget and finally, at the insistence of her guardian, returns home and sacrifices her future to marry David Verne, a crippled young composer and protege of her guardian.

Teek, who has not been killed, finally escapes from his jungle prison and returns, finds Carol married to Verne and after a short interview, thinking her faithless, returns to Africa.

#### "A CALIFORNIA ROMANCE" AT YOST TONIGHT

John Gilbert has already shown his ability with the sword in "Monte Cristo." He again proves in this two sword fights in the production, "A California Romance," which will be shown at the Yost theater tonight only.

In addition to the thrill and action of the photoplay, it has a charming love story, if one can judge from advance reports.

The scenes are set in Southern California, during the days when the Sunset State was ceded to this country. The stirring incidents of those times are brought out clearly in the screen narrative. They form the background for an engrossing romance.

Gilbert's flashing sword and his dashing lovemaking are high lights of the film.

#### Community Card Party Promises Afternoon Of Pleasure

Plans for the community card party which Ebels fifth House held Economics section will be held Wednesday afternoon, continue to grow in interest to numerous hostesses who plan to entertain a few friends by reserving one or more tables for the afternoon.

The big Haynes salesroom at the corner of First and Main streets will be the scene of the card party. Quantities of flowers have been arranged for by the hostess group composed of Mesdames E. B. Tracy, Monroe Lacy, Jack Olivari, Frank Preston, C. H. Powers, Herman Reuter, E. R. Roehm and D. W. McClure.

The committee hopes to correct mistaken impressions regarding the event and declares that attendance will not be limited to Ebels' members but that a general invitation is being issued. Also the price will remain a very nominal one and by no means the dollar admission that was rumored.

Attractive prizes, a social afternoon spent with congenial companions, appetizing refreshments and the fact that all proceeds will aid the Ebels club house building fund are but a few of the attractions of the affair which will begin promptly at 2 o'clock.

#### CALLS GRAND JURORS TO PROBE LYNCHING

COLUMBIA, Mo., April 30.—A grand jury will investigate the lynching of Charles Scott, negro, by a mob of 600 persons, Prosecuting Attorney Hulen said today.

Scott was hanged to a railroad trestle after Regina Almstedt, 14, was said to have identified him as the man who attempted to attack her.

Leipzic's Stoer will be closed Tuesday and Wednesday. Quitting Business Sale Starts Thursday.

# Stocks, Markets and Financial News

## WALL ST. JOURNAL FINANCIAL REVIEW

### Main Body of Stocks Hold Firm Despite Drive of Professionals

NEW YORK, April 30.—Today's war of attrition by the professional element against the conservative side of the market proved decided-ly lower on the nerves of traders with long commitments. But it accomplished nothing conclusive, at least so far as the main body of stocks was concerned.

Bearish operators continued to comb the list for weak spots and liquidation was forced in numerous issues for which state speculative accounts existed. Canadian Pacific was found vulnerable because of its recent ten point advance. Using this stock as a center of attack, the crowd, working for the side of declining prices succeeded not only in wiping out the major portion of its recent upswing, but in inducing selling of all other standard rails like Union Pacific, Reading, and Southern. The market closed lower.

### SMALL DANCERS TO GIVE FINE PROGRAM

Little Miss Muriel Bray, dancing in tonight's dance recital at the Temple Theater.

#### HAIR PULLING.

WATERTOWN, S. D., April 27.—A fine of \$10 and costs of \$915.60 was imposed by Judge Meyer of the municipal court here upon Mrs. Minnie Tessler for pulling the hair of Miss Florence Roche, county school teacher, who is said to have punished the little daughter of Mrs. Tessler. The teacher displayed a handful of hair in court that she claimed had been pulled out of her head by the enraged mother. Mrs. Tessler denied the scalping.

W. P. Fuller Co., paints varnishes, plate and window glass, mirrors. 400 W. 4th St. Phone 861.

When the curtain rises at the Temple theater tonight on the third annual recital of the pupils of Mrs. Maude Putnam of the Mabel Rockwell School of Dancing, it will be to disclose an unusually lovely scene in which the small dancers will seem like visitors from fairyland.

In the "Melting Pot" which will open the program, solo dancers will include dainty little golden-haired Muriel Bray, daughter of Mr. and Mrs. J. H. Bray of 2022 Bush street, who has won a large following since her appearance in many different entertaining events in the city. Muriel will dance with small Florence Liggett, as dainty, as blonde and as graceful as herself, and the two will present the "Dutch Dolls" dance.

Others giving solo dances in the opening number will include the Misses Louise Plummer, Dorothy Skinner, Marguerite Lentz, Eileen Edmonson, Virginia Lowell, Sallie Coe, Bethel Dickinson and Armine Crawford, while the Misses Isabel and Maxine Berg will give "La Zuliana."

#### As Premiere Danseuse.

Miss Eleanor Putnam, daughter of the director, who will dance "Crescent Moon," appeared as premiere danseuse in a charming ballet presented at her school, Beicher college. Since completing her college course, the talented dancer has been in Hollywood where she was premiere danseuse in "Midsummer Night's Dream" presented last year at the Hollywood bowl. She has just finished work in Charles Ray's new picture, "The Courtship of Miles Standish" in which she took the part of Mrs. Edward Winslow, playing opposite Thomas H. Ince.

The appearance of Miss Putnam as "Crescent Moon" will be in the second part of the program, "All on a Summer Day" when a dainty fairy story will be visualized by means of the terpsichorean art.

#### Plan Flower Basket.

A flower basket ballet will be one of the pretty figures and will be danced by the Misses Martha Leipsic, Virginia Powell, Edith Andrews, Freda Harlin, George Gail Pennock, Armine Crawford, Helen Brown, Vera Getty, Opol Robinson, Gertrude and Marguerite Aves.

Stars, fire fly, the sunset, shadows, gypsies and other half real, half fanciful characters will be introduced and in the entire program will be featured thirty-four intricate and lovely numbers.

All music will be furnished by Mrs. Edith Andrews at the piano and M. R. Caldine, trap drummer.

Many guests from Los Angeles are expected to be present. Two boxes have been reserved for representatives from various Hollywood studios including Diana Evers of Mayer studios; Margaret Morris of Goldwyns, Mrs. Lillian Mack, Harold Wright, Donald Ingerson, Marion Buckley and Richard Ingersoll.

J. A. C. Waters, Southern California representative for Camp Curry in the Yosemite National park, brought to Santa Ana firsthand information of interest to those in this section planning summer vacations in the Sierra country.

He reports Camp Curry is already open to accommodate early arrivals by train via El Portal. Regular motor travel by way of the Wawona road will probably begin this week, as delayed grading on Chowchilla mountain is now virtually completed.

Water also said that other roads to the Yosemite are expected to be opened by the following date at least: Big Oak Flat road by June 1; Glacier Point road by June 1; Tioga Road by July 15, possibly by July 1. Improvements at Camp Curry, he said, are fast nearing completion, and the famous resort is looking forward to the most successful season in its twenty-five years' history.

The English country life? That's provided when the squadrons relieve one another. They pace through the streets, two abreast and four when it is possible. One horseman on the left flank is equipped with a curly cue little cavalry trumpet that is—well, cunning appears to be the only word that will describe it.

## P. E. BUS BUSINESS GROWS BUT NO PROFIT BEING MADE, CLAIM

Although the motor bus service of the Pacific Electric in Santa Ana has shown marked improvement in the past few months, the busses are still operated at a financial loss, according to J. A. Birmingham, manager of the service.

"We are making good progress in Santa Ana," said Birmingham, with a steady increase in patronage, but the busses still fail to bring in a profit.

"Despite this fact, however, we are endeavoring to give Santa Ana the best possible service, and we appreciate fully the splendid cooperation we have been given. This week we are completing installation of four new White busses, with a seating capacity of twenty-five passengers each."

"This is the latest type bus and we are sure the people of Santa Ana and Orange county will appreciate the comfortable features embodied therein. We hope to increase the service as the need arises."

"A bite to eat—a bit of sweet"

After a substantial meal, the children naturally want to top off with a bit of sweet.

Give them WRIGLEY'S, the great American Sweetmeat.

It combines the enjoyment of sweet with many BENEFITS. It cleanses the teeth, removing food particles that lodge in the crevices. It neutralizes the acids of the mouth, soothes the throat, and lastly—

WRIGLEY'S helps the stomach by supplying saliva to aid in digestive work.

Made clean, kept clean, sealed tight in a wax-wrapped package.

## OLD ENGLISH SCENES PREVAIL IN CHICAGO

CHICAGO, April 28.—Even if a person has only a puny little imagination he can enjoy some of the picturesque streaks of English country life right here in Chicago.

And downtown at that. All of this is possible, at least in one phase, through the city's obliging police department. The downtown district is patrolled by mounted policemen who have much of the dash of doughty ones.

Just let one stir up a commotion of some kind and he'll be surprised by the alacrity with which a whole squadron of these municipal cuirassiers will gallop up and hustle him off to the clink.

The English country life? That's provided when the squadrons relieve one another. They pace through the streets, two abreast and four when it is possible. One horseman on the left flank is equipped with a curly cue little cavalry trumpet that is—well, cunning appears to be the only word that will describe it.

Here is the picture: You're plodding along LaSalle street, say, wondering whether Beth, S.

## RUSH PLANS TO BRING THONG HERE TO BIG AUTO EVENT

Resurrection Day Principal Topic of Southern California Folk

### RACE CARS READY

Junk Heaps and New Autos To Vie for Cheers In Gigantic Parade

Tuesday, Wednesday, Thursday, Friday, and then, Resurrection Day!

Just five more days remain before the date of what promises to be one of the greatest events in the history of Santa Ana and Orange county.

With that idea in mind, Chairman R. L. Bisby of the Auto Resurrection Day executive committee, has called a meeting of his organization for tonight, to lay out final plans to assure success of the affair.

Realizing that Resurrection Day will bring approximately 50,000 people to Santa Ana, no stone is to be left unturned in providing for the amusement and entertainment of the city guests, according to Bisby.

### Executive Committee.

Members of the executive committee are:

R. L. Bisby, Spurgeon Realty company, chairman; J. A. Cranston, city superintendent of schools; Captain Joseph A. Plank, American Legion; H. E. Wahlberg, Orange county farm bureau; R. P. Mitchell, county superintendent of schools; J. W. Estes, Kiwanis club; Mrs. Gertrude Whitney, Auxiliary American Legion; Dr. Elliott Rowland, Lions club; J. P. Baumgartner, Register Publishing company; J. A. George, Greater Santa Ana club; H. H. Dale, Rotary club; Tom Willits, Merchants and Manufacturers' association; N. E. Berry, News-Herald; Max Smith, Santa Ana Realty board; S. J. Musto, director of music, Santa Ana schools; S. H. Finley, Orange county board of supervisors; C. H. Chapman, Chapman Lumber company; Sam Jernigan, sheriff of Orange county.

## SUSPECT WITH HAND LIKE CLAW SOUGHT IN MURDER MYSTERY

Mrs. Helen Bauman and her brother, Leo Sauerman.

DETROIT, Mich., April 30.—Police here are seeking far and wide "the man with a hand like a claw."

For on his arrest depends the freedom of Leo Sauerman, lodged behind the bars of Marquette (Mich.) prison upon conviction of a cold-blooded murder of which his friends believe he is innocent.

Mrs. Helen Bauman, comely young sister of Sauerman, is leading the fight against what she believes is an error of justice.

While the facts in the case would seem to warrant an appeal to the governor for a pardon, Mrs. Bauman has persistently refused to allow her counsel to take such an action.

"I know a pardon would free him," she says, "but it would not clear his name from the stain of

## STAGE SET FOR WALNUT MEN TO WILL CONTEST CASE TRIAL

Estate of General Royer Center In Legal Battle To Be Waged Here

Department No. 2 of the superior court was clear today, in readiness for the trial of the will contest suit in the estate of the late General Julian Royer, whose heirs seek to have his will, involving a large estate, set aside on the alleged grounds that Marie Ferraud, chief beneficiary, exerted an undue influence over him.

One week at least—possibly two—will be required for the trial of the lawsuit, according to court officials. Attorneys were completing their cases today, and it was expected that a large battery of legal experts would be on hand tomorrow.

### Known as Criminologist.

Royer, who resides at Anaheim, was well known in the county. He had a considerable reputation as an expert criminologist, and owned an extensive collection of weapons and souvenirs.

When he died, he left a purloined will, in which his wife received \$30,000, and which left several other comparatively small sums to other heirs. Max Royer, a son, was virtually disinherited.

The major portion of the estate was willed to Marie Ferraud, who had cared for the deceased in his last illness.

### Allege Drugs Used.

Royer had taken her into his family when she was a small girl in France, and she had lived with him up to his death.

In contesting the suit, Max and the widow declared that Miss Ferraud exerted an undue influence over Royer, and that he signed the will while he was under the influence of drugs administered by her.

The contest suit was brought several months ago.

**\$200,000 BOND  
VOTE PLANNED  
ON ISLAND**

Voters of Improvement District No. 3, Balboa Island, today were devoting considerable thought to the several propositions, involving a total of \$200,000, to be submitted at the polls Thursday, May 10.

The propositions to be passed upon by the voters include \$15,000 for the construction of a bridge, \$23,000 for an ornamental lighting system, \$145,000 for sewer facilities and \$13,000 for water pipe lines.

"For some time," said a resident of the district, "it has been apparent that these and other improvements are vitally necessary. There is some opposition, of course, but it is felt that the proposals will carry when they come up for consideration at the polls, May 10."

It was explained that there are approximately 1,500 parcels of land in the district, with about 100 registered voters.

Property owners declared the passage of the bond issue would go far toward increasing realty values on Balboa Island, in addition to furnishing far better facilities for residents in the district.

**PAVING WORK WILL  
BE GIVEN TONIGHT**

HUNTINGTON BEACH, April 30.—Bids for the paving of Ocean boulevard, connecting with the new Coast highway from city limits, will be given to the most advantageous bidder at the regular meeting of the city council this evening. A stipulation is expected to be made in the contract that the road be completed by July 1, the formal opening date for the highway.

The announcement made last week by the board of supervisors that the work on the new highway is being rushed and that the opening date remains at July 1 brought encouragement to the business men of the Beach who have been somewhat anxious because of the diminishing production due to lack of pipe line and storage facilities. Although no real slump is anticipated, as more wells are being constantly brought in, it is thought in commercial circles that the new business brought to the town by the highway and the summer residents, whose number it is expected will be increased by the boulevard, will more than offset the slackening in the oil fields.

**UTOPIA FOUND**  
SAN JOSE, Cal., April 30.—Declaring Utopia has been found in Saratoga, a village near here, merchants cite as an example the fact that old men buy all the candy and flowers for their wives, while young men practically never buy. The young men on the other hand put their money in the bank, saving for a future home and family. It's an ideal place, the merchants claim.

## WALNUT MEN TO HOLD ANNUAL MEET HERE

Experts Scheduled to Address Association Members Tuesday

L. D. Batchelor, walnut expert and member of the citrus experiment station at Riverside, will be one of the principal speakers at the annual meeting of the Santa Ana Walnut Growers' association here Tuesday, according to an announcement made today by Secretary Joe W. Goodside.

Batchelor, who recently completed a comprehensive survey of the walnut situation in Southern California, has worked out a plan for harvesting whereby it is possible for growers to save an immense sum of money annually, according to Carlyle Thorpe, general manager of the California Walnut Growers' association.

Although a complete list of speakers was not available here today, it was believed that Carlyle Thorpe and W. T. Webber of Los Angeles would be present when the local association meeting is called to order by President F. C. Rowland.

Webber was expected to give a forecast of crop conditions and point out the necessity for better harvesting methods during the 1923 season.

The meeting will be called to order at 1:30 p. m., said Secretary Woodside, and selection of a board of directors will be included in the afternoon's business session.

The board, after its organization, will select a president and name the secretary.

"Other important business will be transacted."

The association has a membership of 475.

The annual meeting of the Orange County Walnut Growers' association will be held at its house here Monday, at 10 a. m. according to E. T. Watson, secretary.

**\$1,000,000 IS  
INVOLVED IN  
LAND SALE**

NEWPORT BEACH, April 30.—One of the biggest real estate deals made in Orange county farm land in a long time, was consummated last week, when 1040 acres near Greenville on the Fairview road sold for nearly \$1,000,000. The land is all in one piece and was owned by J. M. Schriltz, the purchasers being W. M. Lenzen of Los Angeles and W. H. De Wolfe of Santa Ana, two prominent real estate men.

The farm is considered one of the finest pieces of soil in the Fairview district and has been in the Schriltz family for thirty-five years. It is located near the bean house at Greenville and is about six miles from Newport. It extends for more than a mile on the Fairview road.

The plans of the purchasers are to subdivide the tract as soon as possible and lay it out in building sites of one acre and up. This work will start as soon as the partners are out of escrow, which should be in about thirty days. A small town will also be built on the acreage. This land is close to the wells of the Fairview Oil company, and should no doubt sell rapidly when put on the market.

## NEW CITY HALL NOW NEARING COMPLETION

HUNTINGTON BEACH, April 30.—A trip through the new city hall Sunday afternoon showed it to be nearing completion.

The carpenter work and much of the decorating is finished, even to the gateway dividing the auditorium's section of the large court room on the second floor from the judges' "inner circle."

Twenty-four cement steps lead to the main door of the building facing Orange street, which in turn opens into a hallway ending in the court room.

The right wing of this top floor is devoted to the business offices of the city hidden behind a huge glass semi-circle interrupted by windows resembling the cubby holes of bank tellers. The chamber of the city trustees and several offices occupy the left wing. Gas department, fire apparatus, jail rooms and a few offices occupy the spaces on the ground floor.

None of the fixtures or office equipment, which is being selected by the various departments in cooperation with each other, is in the building. Among the men who will have private offices in the building are City Engineer Louis F. Gates, Justice of the Peace Warner, Chief of Police Jack Tinsley, City Clerk W. R. Wright.

## "CLARENCE" IS PRESENTED BY YOUNG CAST

ORANGE, April 30.—Booth Tarkington's comedy, "Clarence," was presented most successfully by the junior class of the high school last Friday evening.

Never before had such a large audience seen any play presented in the new auditorium. This speaks very well for the extensive advertising campaign which has been carried on during the past week.

### Cast Well Chosen

The cast had been very carefully chosen and trained by F. L. Carter, the drama coach, and Miss Marie Dennis, the class teacher.

In the leading role of Clarence, Cecil Cox displayed considerable dramatic talent. His slow, drawling voice carried readily to all parts of the room and he furnished considerable amusement, to say the least.

Edith Lush, in the other lead as Violet Pinney, was excellent. Miss Lush displayed great poise and self possession on the stage and played well up to her part.

The other outstanding characters were Eva Spencer and Charles Jackson in the parts of Cora and Bobby Wheeler. As their parents, Mr. and Mrs. Wheeler, Ben Jones and Clara Condon were very good.

### Best This Year

Taken as a whole the play was decidedly the best presented at the school this year.

**Cast:** Mrs. Martyn, Catherine Wilson; Mr. Wheeler, Ben Jones; Mrs. Wheeler, Clara Condon; Bobby Wheeler, Charles Jackson; Cora Wheeler, Eva Spencer; Violet Pinney, Edith Lush; Clarence, Cecil Cox; Della, Elizabeth Haseman; Dinwiddie, Leonard Field; Herbert Stein, Keller Watson.

### Senior Play Next

The annual senior class play, "The Taming of the Shrew," will be given on the evening of May 18. Great efforts are being made to have the settings and costumes correspond exactly to the fashions of the time. This play of the great dramatist, Shakespeare, will be a great success, judging from present indications.

## MYSTERY SMELL AT NEWPORT IS ELUSIVE

NEWPORT BEACH, April 30.—Newport Beach has a mysterious smell that the city officials say isn't there, but which still insists on smelling.

At a meeting of the board of trustees a delegation from Costa Mesa asked for relief from the smell, which, it is said, came from the burning of garbage on the city dump. The matter was referred to the street superintendent.

So Monday night Supt. F. L. Reinhart presented information to the effect that the smell did not come from the dump and that no garbage had been burned at that spot for several weeks.

But anyone who happens to be out at night or in line with certain sections of this beautiful district, is affected with that charming smell that soothes the senses and stifles competition from the finest perfume. If the smell ain't what is? Do we smell it, or is it just a state of mind?

And if the garbage dump don't cast off these fragrant odors, where in heck does it come from? Some of the Costa Mesaans believed it might be that delicious ethereal thing that was wont to come from the sugar beet factory. A feller hates to be nosing around at night looking for a stinkin' old smell when he should be home in bed.

## RUSH FOR ICE GETS UNDERWAY AT BEACH SUNDAY FIRST TIME

HUNTINGTON BEACH, April 30.—Fish can tell the tale as well as the plunge. Yesterday was the record day of the season at the Beach based upon fish and ice statistics as well as the Beach crowds. Henry Vaskerville, proprietor of the "Fish Market" sold more than one hundred pounds of fish and 100 pounds of ice yesterday, largely to out of town visitors.

Entertained folks in here from Indianapolis, Indiana, La Jolla and Del Rey, and guess pretty near all of Santa Ana's been in to get either ice or fish today," he said.

Plunge records bore out his statements. The wind and sea raged in unison, but the visitors were undaunted and many of them even braved the waves and plunged in the breakers. Altogether, with a large crowd at the 4 o'clock radio concert, it was a record day.

## COMPANY USES PRIVATE CAR IN TRAVELS

HUNTINGTON BEACH, April 30.—"Do you want some real news, something out of the ordinary?" Henry Vaskerville, the "fish man" queried Sunday afternoon. "For you do and you're a live reporter you'd better go over and see Hila Morgan in her private car."

"But that's only a tent show outfit, isn't it?" we asked skeptically. "It may be only a tent show, but it's some outfit: They bought a hundred pounds of ice today and believe me they're no cheap gang."

He was so urgent that of course we went to call and found him to be not only correct but quite modest in his admiration.

As we pulled ourselves up that high step from the railroad tracks fronting Fifth street, to the back door, which is her front door, we caught a glimpse of Mr. and Mrs. Morgan "at home" Sunday evening, when completely unconscious of any watchers-on. He was asleep in his chair, only the bushy top of the black and gray hair visible as his chin dropped unsteadily on his chest, while Hila was curled in a kitten-like heap in a big wicker rocker, her glorious mass of deep auburn hair rioting about her shoulders above the book on "Drama" which she was reading. However, they both did jump when we knocked and asked through the screen door, "May a reporter come in?"

## CONGESTION IN FULLERTON IS OBJECTED TO

FULLERTON, April 30.—Immediate steps toward cleaning up the alleys, particularly where they permit of parking places and the vacant spaces in the downtown section of Fullerton, will be taken by the city council, police and fire department.

This was the announcement by Trustee William A. Moore of the police and fire committee of the city administration, following numerous complaints received on the congested condition of the city streets during the shopping hours.

It was pointed out that if immediate steps were taken to clean out the vacant spaces in the rear of business houses of the city that this congestion could be relieved by allowing the owners of cars in the downtown section to park their machines in these places rather than in the front.

The conditions, as they are at present, said Councilman Moore, are decided fire menace and should be remedied. In the rear of some of the buildings in Fullerton there are mountains of boxes and other inflammable materials that are a danger to the city. If these were cleaned out and not allowed to accumulate it would prevent a fire.

## SOCIETY ITEMS OF HUNTINGTON BEACH

HUNTINGTON BEACH, April 30.—Mrs. Mabel Clark, of the Clark cottages, corner of Fourteenth and Olive, is beginning the erection of a twelve-unit bungalow court this week on California street, in the Vista Del Mar district. The Home Builders' bureau, E. A. Biery manager, are the contractors.

"Come to dinner? No, I'm sorry, but we just began work on East West and are working over time so I am simply tied down this week. Huntington Beach is one of our best towns. We came from Whittier and are going to Compton, but are planning to come back to Santa Ana and then will be glad to drive over and dine with you."

**BETTER PHONE SERVICE.** HUNTINGTON BEACH, April 30.—Ratification of the consolidation of the Smeltzer and Huntington Beach telephone lines by the railroad commission is all that is necessary to make the two services one complete unit with one telephone directory, according to an announcement by the local company. Improvement of the service is contemplated.

Jim Brunton, local cement contractor, is returning today from a week's visit at his home in Pomona.

Mr. and Mrs. Arthur Adair, 520 Huntington avenue, are the father and mother of a nine-pound boy, born in the Community hospital, Santa Ana, Friday evening. The newcomer is the grandson of Mr. and Mrs. W. M. Adair.

## CHAMBER VOTES TO MEET TWICE EACH MONTH

ORANGE HEN GIVES LIFE IN ATTEMPT TO PLEASE OWNER

ORANGE, April 30.—Too much ambition cost an energetic pullet her life after laying four eggs weighing slightly more than a pound. She was the property of Mrs. R. Barrien, 338 West Palm avenue.

The four eggs contained one yolk apiece and conformed in everything save size to a normal egg. Two of them, however, were broken.

The pullet had always been laying large eggs, the owner said, but never advertised the fact any louder than the rest of the flock.

## AUDITORIUM AT ORANGE MAY BE HIDDEN

ORANGE, April 30.—Unless a

small bond issue can be successfully floated, Orange high school's \$160,000 auditorium and administration building, recently completed, will face obscurity—hidden from main view behind the old central building of the high school group.

When the new auditorium structure was erected, making the fourth of the high school group, it was planned to move the central unit, erected in 1901, then the extent of the school plant, to a position on the northeastern part of the grounds, thus forming a court effect with the new building across the rear.

However, when the Los Angeles architects who drafted plans for the new building were called into conference by the school board the other night, they estimated that it would cost \$30,000 to move the structure and make necessary repairs and alterations for putting it into serviceable shape.

According to the board members, the estimate submitted is favorable, but the amount of money called for is not available in the school budget, consequently the work cannot be done without a small bond issue.

The board, however, does not feel like assuming the responsibility for calling such an issue so soon after the one which brought \$160,000 for construction of the new building; hence it will probably be necessary to let the old building stand in its present position until some future time, when it will either be moved and repaired or else dismantled and the materials used in a modern building.

Meanwhile the new auditorium, regarded as one of the finest in Orange county and comparing with many similar institutions in the Southland, must stand behind the aged structure, its beauty and stately lines hidden from the main traffic.

The board, however, does not feel like assuming the responsibility for calling such an issue so soon after the one which brought \$160,000 for construction of the new building; hence it will probably be necessary to let the old building stand in its present position until some future time, when it will either be moved and repaired or else dismantled and the materials used in a modern building.

## PROFIT IN TEXTILE MANUFACTURING!

Times and conditions may vary, styles may change, but throughout the ages man has needed food and raiment. He will continue to do so. For that reason investments in textile stocks have been rated among the safest in American industrial history. They rank next to the stocks of our leading banking institutions in value, in the amount returned and in stability.

The Santacala Woolen Mills has every indication of being one of the biggest employers of labor in the county. It has every indication of being the biggest and most profitable investment. The way is open for you to make a substantial investment in this new corporation—it is open today—it may be open for a week, or perhaps a few weeks longer, but it will NOT be open long. Investigate today—mail the coupon attached and have all the facts presented to you. There is no obligation—just hear what we have to offer. Samuel L. Deane, our president, is an experienced textile manufacturer.

He has been successful. The directors are successful men in their lines. We have the experience of the Mission Woolen Mills, which was a successful enterprise, to assure us that a woolen mill in Orange county will pay. We have had offers to take our entire output for a year—and this before we have turned a wheel.

Right today the Santacala Woolen Mills could contract in advance for delivery of its entire next year's output. This advertisement is the word of each and every man behind the Santacala Woolen Mills. We, the directors, pledge the management to a policy of sound business management. We have investigated, we have invested.

We want everyone in Orange county to participate in the profits and in the prosperity which we know the industry will bring. We are offering you a chance to invest on the same conditions under which we have invested.

Speaker's Club Takes Lead  
In American Circuit By  
Playing Best Ball

B HENRY L. FARRELL  
(United Press Staff Correspondent)  
NEW YORK, April 30.—Tria

Spear's Cleveland Indians are the event sensation of the American League. With nine victories out of 12 games, the Indians are not far leading the league, but they're playing the best ball in the majors.

Spear is getting good pitching and is hitting, even if the defense of the club is rather sloppy at times. The Indians at present are the only club in the two leagues that have the pitchers and batters both working.

The Indians are leading the National League with nine victories out of 12. It would be silly to say that the world's champions are not ping good ball, but they are not king on their stride. McGraw's pitching staff has gone up again. Fifteen pitchers have been used in four games and it is only same heart and great hitting that is keeping the Giants in the lead.

It needs only some pitching to take the strong bid for the pennant that is expected of them. Ty Cobb is beginning to get that pitch. The Tigers are the heavy hitting club in the major leagues and they are just as game as the ants. The club is in second place now and unless they collapse here Saturday, his three points in this event were all that Ray gathered.

The Browns and the White Sox continue to be prize busts of the two leagues.

**LANFRANCO BLANKS LYNNWOOD SLUGGERS**

Whick Lanfranco was returning opposition with regularity. Mar A. J. Trickey's Irvine slugger yesterday afternoon rapped ball hard and won their fray from Lynnwood club at Irvine 9.

Lanfranco hurled the entire game allowed eight blows. While were on the bases he was indecisive.

Tyrrell and Rogers led their team at bat. Tyrrell clouted three dingers in three trips apiece getting the same number of attempts.

Huggins never answers his critics verbally, but he has found a much more forceful way of defending himself by silencing them with results that prove him right in most of the cases.

This spring Huggins was criticized because he ran a rather slipshod training camp in which his players were allowed to do more or less as they pleased. He said they were all experienced men who knew best how to condition themselves. Huggins came north to start the season with six pitchers ready to work.

Huggins is staking everything on pitching to win another pennant for him and it would seem now that he obtained the objective of getting his hurlers ready for a fast start, regardless of the method in which it was done.

Lord Carnarvon, the deceased British archaeologist, considered in some circles as the victim of the spear of old King Tut, was better known as a turfman in England before he started digging around in the Valley of the Kings.

His colors—scarlet, blue collar and white cap—were registered as early as 1897, and his thoroughbreds won many events of note, although he never won one of the big classics. The first of his successes was scored in 1910, when the great Tod Sloan rode his Bachelor to victory in the Ascot Stakes.

It is understood that his stable will be retained and operated by his son.

# BANKER WARNS OF INFLATION DANGERS

(Continued From Page 9.)

same objections as were urged against the community property law passed and referendum successfully two years ago.

A general condition of prosperity was reported from each of the five counties, San Diego, San Bernardino, Riverside, Imperial and Orange counties, comprising the group.

Reporting for Imperial county, G. Horne, manager of the Pacific Southwest bank at El Centro, declared that Imperial, a year ago a black spot on the white map of Southern California, is no longer black, and while not entirely white has been bleached to medium grey.

## Cites Upward Trend.

"Business with Imperial county means farming," he said. "There is an upward trend. The cultivated area is twenty per cent greater than a year ago. Our banking power has increased. The Boulder dam prospects, which will help the whole Southwest, mean much to our valley."

Horne said that Imperial is becoming a great beef and mutton fattening area, more so than ever before. Where good methods and sound business has been followed, he said, lettuce growing is a success. Imperial's great problem is marketing. He said the system that takes a product and yet leaves the men who feed the nation nothing in the way of profit is faulty.

That San Bernardino county is advancing rapidly in building and general activity and prosperity was stated by H. S. Wilson, cashier of the First National bank of Upland, reporting for San Bernardino county. The outlook for the citrus industry is good. The county's crop of 8,730 carloads of citrus fruits is the county's biggest industry. Other industries are thriving, and the county seems ahead of itself and certain growth.

## Recounts Great Strides.

A. R. Clark, secretary of the Chamber of Commerce of San Diego, reporting for San Diego county, said the San Diego program of water storage would not stop until every drop of water wasted by going to the sea now is saved for use in upbuilding San Diego county. San Diego's great strides of recent months, he said, are due to development of manufacturing. The city now has 480 manufacturing plants, and is constantly developing new ones. Its commercial mineral possibilities are just being discovered. Bank clearings and figures show great advances in San Diego county, said Clark.

General prosperity was reported for Riverside county by J. E. Kilian, vice-president of the First National bank of Riverside.

"Prospects are good," he said. "Money is fairly easy. Building is going on satisfactorily. Crops in general are good, and prices good. Reports from Palo Verde and Coachella valleys indicate the cotton and onion outlooks pleasing. Riverside county is well pleased with its business outlook."

R. H. Biggs, assistant cashier of the First National bank of Fullerton, declared for Orange county, that crop outlooks in general are good, though shortages would be suffered by some of the crops dependent on rain. The citrus and walnut outlook is good. This country with a great diversity of crops, and a tremendous oil production, this past year produced \$22,000,000, which is eighty per cent of the county's assessed valuation.

It probably will be many days after today before the mail is completely worked over and received bills are returned.

**BOY MAYOR TO BE PICKED AT FRISCO**

## FULL PROGRAM FOR BEACH THIS WEEK

HUNTINGTON BEACH, April 30.—The program of events is a full one for this week of the May time opening. The city council meeting, which promises to be a very important one, the grand opening of the Hila Morgan company with "Turn to the Right," the Grunion run at 9:06 o'clock and the regular meeting of the school of religion, Monday evening, is typical of the week.

Tuesday the Woman's Relief Corps will hold an all day meeting, and the Daughters of the Veterans an evening gathering.

Ad Santel will continue to hold his own in the evening and the Grunions will appear at 9:46 o'clock.

The chamber of commerce will hold regular meeting, the Lions will revel in their Den at the Huntington Inn and the Grunions run in at 10:20 o'clock.

All week will be the first of the last month of school with the eighth grade pupils and teachers looking forward to county examinations which begin May 10.

**ELEVENTH-HOUR RUSH OF TAX PAYING HERE AS 5 P. M. DEADLINE**

The office of J. C. Lamb, tax collector, today was the scene of real activity, when eleventh-hour taxpayers rushed to the office to settle their tax accounts with the county. The "deadline" was 5 p.m. today.

Lamb believes delinquencies will be less than 5 per cent, a record, he says, which few counties, if any, will duplicate. He said, regarding delinquencies that this county always is listed among the counties with low totals of unpaid taxes.

It probably will be many days after today before the mail is completely worked over and received bills are returned.
